

SUMMARY

Preface	V
Francine Chassoux, Andre Palmi	
Acknowledgements	VII
Dedication	VIII
Editors	XI
Authors	XII
Abbreviations	XXV

Part I. TOWARD A ROUTE IN THE LABYRINTH

Chapter 1 : A clinician's overview of the FCD	3
François Dubeau	
Chapter 2 : Classifications for FCD: evolution of concepts and current knowledge	13
Andre Palmi	
Chapter 3 : Neuropathology of FCD: a practical approach for clinical use	23
Ingmar Blümcke	

Part II. FROM GENES TO CLINICAL PICTURE

Chapter 4 : Genetics of FCD: an emerging scenario	41
Sara Baldassari, Stéphanie Baulac	
Chapter 5 : FCD and the mTORopathy spectrum	51
Valerio Conti, Carmen Barba, Renzo Guerrini	
Chapter 6 : Drug therapies in FCD: are they specific and why?	61
Sarah Buts, J. Helen Cross	
Chapter 7 : Electroclinical phenotypes in FCD	65
Francine Chassoux, Andre Palmi, Laura Tassi	
Chapter 8 : FCD in children: specific clinical findings and management	75
Pavel Kršek, Hans Holthausen	

Part III. NEUROPHYSIOLOGY OF FCD: THE PACEMAKER PATTERN

Chapter 9 : In search of the epileptogenic neuron in FCD	91
Carlos Cepeda, Daphne Marina, Harry V. Vinters, Gary W. Mathern	
Chapter 10 : Intrinsic epileptogenicity of FCD: insights from ECoG	103
Andre Palmi, Eliseu Paglioli	
Chapter 11 : Intrinsic epileptogenicity of FCD: insights from SEEG to scalp EEG	113
Francine Chassoux	

Chapter 12 : The epileptogenic zone in FCD: SEEG patterns in FCD subtypes Fabrice Bartolomei	125
Chapter 13 : MEG and HR-EEG in FCD: non-invasive localization of the epileptogenic zone Francesca Bonini, Jean-Michel Badier, Martine Gavaret	131
Chapter 14 : EEG-fMRI in FCD: mapping the epileptogenic networks Masataka Tanaka, Jean Gotman	143
 Part IV. IMAGING OF FCD: THE DECISIVE STEP <hr style="width: 100%;"/>	
Chapter 15 : The role of imaging in FCD: an overview John S. Duncan	151
Chapter 16 : Morphological and functional MRI for FCD in clinical practice Charles Mellerio	157
Chapter 17 : Critical perspective of automatic detection of FCD: what should the clinician use? Fernando Cendes	171
Chapter 18 : PET and SPECT: searching for FCD and identifying the epileptogenic zone Francine Chassoux, Martin Kudr	179
Part 1. PET in FCD	179
Part 2. SPECT in FCD	192
 PART V. SURGICAL THERAPY FOR FCD: A CURATIVE PERSPECTIVE <hr style="width: 100%;"/>	
Chapter 19 : Surgery for FCD: principles and outcome Francesco Cardinale, Martina Revay, Piergiorgio d'Orio, Flavia Maria Zauli, Belén Abarrategui, Giorgio Lo Russo, Ivana Sartori	203
Chapter 20 : Surgery for FCD without invasive monitoring: the role of ECoG Eliseu Paglioli, Andre Palmmini, Francine Hehn	223
Chapter 21 : Surgery for FCD with invasive monitoring Jorge Álvaro González Martínez	231
Chapter 22 : Surgery for FCD in eloquent cortex Bertrand C. Devaux	243
Chapter 23 : Surgery for FCD in children Georg Dorf Müller	259
Chapter 24 : Long-term outcome after surgery for FCD Susanne Fauser	275
 Conclusion Francine Chassoux, Andre Palmmini	 285
