

# Contents

## **IX List of Contributors**

## **XI Preface**

Singer, P. (Petah Tikva)

## **1 Requirements, Routes of Administration and Prescription**

### **1 From Mitochondrial Disturbances to Energy Requirements**

Singer, P. (Petah Tikva)

### **12 Protein Metabolism and Requirements**

Biolo, G. (Trieste)

### **21 How to Choose the Route**

Greco, I. (London)

### **32 How to Prescribe Nutritional Support Using Computers**

Berger, M.M. (Lausanne)

### **43 Oral Feeding**

Alvárez-Falcón, A.; Ruiz-Santana, S. (Las Palmas de Gran Canaria)

### **50 Enteral Nutrition**

Anbar, R. (Petah Tikva)

### **59 Parenteral Nutrition**

Thibault, R. (Clermond-Ferrand); Pichard, C. (Geneva)

How Can Nutrition Interfere with Outcome?

### **69 Can Nutrition Support Interfere with Recovery from Acute Critical Illness?**

Schulman, R.C.; Mechanick, J.I. (New York, N.Y.)

### **82 Glucose Control**

Preiser, J.-C. (Brussels)

### **90 Glutamine**

Kim, M.; Wischmeyer, P.E. (Aurora, Colo.)

### **97 Leucine and Citrulline: Two Major Regulators of Protein Turnover**

Cynober, L.; de Bandt, J.-P.; Moinard, C. (Paris)

## Organ-Targeted Nutrition

### 106 **The Surgical/Trauma Patient**

Weimann, A. (Leipzig)

### 116 **Nutrition and Sepsis**

Cohen, J. (Petah Tikva/Tel Aviv); Chin, W.D.N. (Edmonton, Alta.)

### 126 **The Renal Failure Patient**

Druml, W. (Vienna)

### 136 **n-3 Fatty Acids and $\gamma$ -Linolenic Acid Supplementation in the Nutritional Support of Ventilated Patients with Acute Lung Injury or Acute Respiratory Distress Syndrome**

Lev, S.; Singer, P. (Petah Tikva)

### 144 **Obesity**

Frankenfield, D.C. (Hershey, Pa.)

### 154 **Nutritional Imbalances during Extracorporeal Life Support**

Kagan, I.; Singer, P. (Petah Tikva)

### 160 **Nutrition in Pancreatitis**

McClave, S.A. (Louisville, Ky.)

### 169 **Which Nutritional Regimen for the Comorbid Complex Intensive Care Unit Patient?**

Singer, P. (Petah Tikva); Weinberger, H. (Holon); Tadmor, B. (Petah Tikva)

### 179 **Nutrition Support for Wound Healing in the Intensive Care Unit Patient**

Theilla, M. (Petah Tikva)

### 190 **Author Index**

### 191 **Subject Index**
